

Since ISOPE-1992, the annual ISOPE conferences have been the world's largest technical conferences of its kind with **peer-reviewed** papers. Proceedings are **INDEXED by Engineering Index, Compendex and SCOPUS**. Following the **all-time record-breaking attendance since ISOPE-2007 Lisbon**, the **2010 Beijing, 2011 Maui, 2012 Rhodes, 2013 Anchorage and 2014 Busan** continued setting **new records**, receiving **1,200+ abstracts**. The conference is being organized by Technical Program Committee (TPC) of the **International Society of Offshore and Polar Engineers (ISOPE)** with 30 cooperating organizations. Its objective is to provide a timely international forum for researchers and engineers.
