#### **WELCOME TO TOULON**

Nestled between the mountain and the sea, in one of the Mediterranean's largest and most beautiful bays, the historical maritime city of Toulon is the capital of France's Var region.

Toulon is implanted in the heart of the most beautiful roadstead of Europe bathed in sun for more than 300 days a year. City in which the quality criterion is daily lived, champion of rugby, authentically Mediterranean, economic and student pole, polychrome cultural palette.

The city offers many points of interest, including absolute musts such as the bustling Provençal food market — one of the Provence's biggest — held every morning on the Cours Lafayette. You will love discovering the medieval quarter's muddle of winding trees, ancient cathedral, shady squares and moss-covered fountains, and the more recent upper city quarters, where monuments from Napoleon III's abound.

All at a few minutes walking distance, Toulon's port and marina, pedestrian streets, malls and typical cafés offer a buzzing atmosphere all year round.

The sea front is a favourite spot for lunch or morning coffee, with its pleasant terraces overlooking the Marina. The beautiful adjacent coast and inland mountains, with their characteristic Mediterranean flora and fauna, are a paradise for sports, nature and leisure lovers. Cable car rides to le Faron Mountain provides panoramic view over the city and bay.

A thriving economic, academic and cultural hub, Toulon offers complete business and tourism facilities coupled with a sophisticated communications network and fantastic sunny climate.
