ACTIVITIES AND ATTRACTIONS

The island of Maui is the second-largest of the Hawaiian Islands at 727.2 sq. miles (1883.5 sq. km) and is the United States' 17th largest island. Maui is part of the state of Hawaii and is the largest of Maui County's four islands. In 2000, Maui had a population of 117,644, third-most populous of the Hawaiian islands.

Maui offers a full range of activities and attractions to enjoy such as swimming, surfing, snorkeling, hiking, kayaking, helicopter tours, submarine tours, sport fishing, and numerous sightseeing opportunities. The following websites provide useful information you should find helpful in planning your Maui visit.

Hawaii is the newest of the 50 U.S. states (August 21, 1959), and is the only U.S. state made up entirely of islands. Hawaii's natural beauty, warm tropical climate, inviting waters and waves, and active volcanoes make it a popular destination for tourists, surfers, biologists, and volcanologists alike.
